Spring 2015

t-Distributions

A *t*-distribution ($k = 4$)

The entries of the following table are values of x such that the shaded area equals the probability given in the first row. The parameter k specifies the degrees of freedom.

k	area				
	0.995	0.99	0.975	0.95	0.90
1	63.66	31.82	12.71	6.31	3.08
2	9.92	6.96	4.30	2.92	1.89
3	5.84	4.54	3.18	2.35	1.64
4	4.60	3.75	2.78	2.13	1.53
5	4.03	3.36	2.57	2.02	1.48
6	3.71	3.14	2.45	1.94	1.44
7	3.50	3.00	2.36	1.89	1.41
8	3.36	2.90	2.31	1.86	1.40
9	3.25	2.82	2.26	1.83	1.38
10	3.17	2.76	2.23	1.81	1.37
11	3.11	2.72	2.20	1.80	1.36
12	3.05	2.68	2.18	1.78	1.36
